Admission to Year 3 – Supplementary Information

Transfer students admitted to Year 2 of the Bachelor of Science (BSc) may request consideration for placement in Year 3 of a specialization (major or honours). To do so, please provide the following information so we can ensure you meet the requirements for placement in Year 3. Submit the completed form to advising@science.ubc.ca, or deliver to the Science Information Centre, A150 – 6221 University Blvd (604-822-3820).

First Name

Last name

UBC Student #

Preferred Specialization

Check the Year 2 requirements for your preferred specialization using the appropriate department. For instance, if you are interested in Biophysics, see the Physics section of the UBC Calendar. List all Year 2 coursework as per the Calendar, and then indicate courses you have taken that fulfill each requirement. List course code, course number, and course title. Provide the name of the institution(s) where you took each course. See sample on Page 3 of this form.

Review the course requirements for both majors and honours at the following links:

[Astronomy](#) | [Atmospheric Sciences](#) | [Biochemistry](#) | [Biology](#) | [Cellular, Anatomical & Physiological Sciences](#) | [Chemistry](#) | [Combined Major in Science](#) | [Cognitive Systems](#) | [Computer Science](#) | [Earth & Ocean Sciences](#) (including Geology, Geophysics, and Fisheries Oceanography) | [Environmental Sciences](#) | [Geographical Biogeosciences](#) | [Mathematics](#) | [Microbiology and Immunology](#) | [Pharmacology](#) | [Physics](#) (including Biophysics) | [Psychology](#) | [Statistics](#) |

Required UBC Courses (Yr 2)	Equivalent Courses Taken	Institution Where Courses Taken
-----------------------------	--------------------------	--

SAMPLE ONLY (for Chemistry Major)

Required UBC Courses (Yr 2)	Equivalent course I have taken	Institution
CHEM 201 Intro to Physical Chemistry	CHEM 3310 Physical Chemistry (in progress)	Kwantlen
CHEM 202 Coordination Chemistry	CHEM 2410 Physical – Inorganic Chem	Kwantlen
CHEM 203, 213, & 245 Organic Chemistry I & II and Techniques	CHEM 2320 Organic Chem I with CHEM 2420 Organic Chem II	Kwantlen
CHEM 211 Analytical Chemistry	not yet taken	
MATH 200 Calculus III	MATH 2821 Multivariate and Vector Calculus (in progress)	Kwantlen
MATH 221 Matrix Algebra	not yet taken
